

Komatsu Forklift

Komatsu Forklift Training Mississauga - Komatsu Forklift U.S.A. Inc. has an excellent reputation for building reliable and rugged lift trucks. Komatsu is recognized around the world as a corporation with a prosperous heritage while retaining an admirable standard of innovation and quality in both design and equipment manufacturing.

Komatsu Forklift U.S.A., Inc., a division of Komatsu Forklift Co., Ltd., International Division and Komatsu Utility Co., Ltd remains loyal to their vision of a healthier tomorrow. Komatsu's legacy started back in 1921, in Japan, when Komatsu Ltd began operations as a manufacturer of construction and mining equipment. Very quickly the company grew into an industry leader and was responsible for constructing Japan's first contemporary bull dozer and farm tractor.

Over the previous few decades, Komatsu has evolved to become a global giant due to their strength and competence within the diverse fields of logistics, excavating, construction and mining. Using modern models and technological superiority, they remain at the forefront of these industries.

Since 1945, Komatsu Forklift Co. Ltd has grown tremendously. Using contemporary design approaches and superior manufacturing capabilities, Komatsu has distinguished itself through the engineering of reliable and rugged forklifts that buyers from around the planet have come to rely on. In 1976, Komatsu Forklift U.S.A., Inc was created to satisfy the growing need for its products in the North American marketplace. To better expenditures and efficiencies, a modern plant was built in Covington, Georgia in 1990, to consolidate all U.S. Komatsu Forklift product support and production operations.

Komatsu Forklift U.S.A. continues to satisfy the requirements and demands of their consumers worldwide while remaining a principal producer and provider of innovative forklifts and lift truck accessories. Central and Latin America, Mexico, the Caribbean and South America are home to many of Komatsu's satisfied customers along with their North American clients.

After a lot of years of establishing and retaining quality customer service rapport with clients, Komatsu Forklift understands that satisfying the needs of the customer is vital. Komatsu begins all new initiatives and product developments with the customer's input. By welcoming contributions and feedback, they are able to ascertain customer wants and expectations then develop revolutionary designs and then build to exceed Komatsu Engineering Principles. Assuring customers that quality is premeditated from the beginning and maintained through the manufacturing, service and sales processes, allows Komatsu to end up with a superior product from start to finish.

The engineers at Komatsu are experts who concentrate on designing heavy-duty technologies, forklifts and construction equipment. Their design expertise assures that each piece of equipment will last in even the toughest functions and environments. Adherence to strict engineering principles allows Komatsu Forklift to satisfy ISO 9001 standards. Computer aided design and stringent internal quality standards all factor in to high-class lift truck products. Komatsu Engineering Standards translate the modern and innovative technology used in advanced mining and construction equipment into world class equipment.

The modern and well-organized factory in Covington, Georgia is a full service plant. This contemporary plant begins the production process with raw steel which is then welded, fabricated and primed. When assembled and painted the forklifts are ready to leave the facility and enter the marketplace. Maintaining quality control throughout the duration of the manufacturing process, assures clients that the quality is built into Komatsu's products from the very beginning.

Komatsu feels that a product is only as valuable as the individuals who support it and sell it, their dealers make all the difference. Komatsu Forklift features an excellent network of company sellers and independent sellers who are working hard to surpass expectations.
