

Crane Training Schools Mississauga

Crane Training Schools Mississauga - Our different programs for Mobile Crane Operation are intended for experienced operators who require certification or re-certification, and for inexperienced individuals who are looking for their very first job as a crane operator. Business demand for crane operators who are certified is high throughout the country. Crane operator positions are in demand due to their high pay. Crane operators are amongst the highest paid of any heavy machinery operator.

Our Crane Operator training offers instruction for different mobile cranes. Course subject consists of Crane Set-up, Wire Rope, Load Dynamics, Lift Planning, Signaling, Load Charts and Rigging.

The Crane Training School program is best for riggers, supervisors and operators. Course materials consist of a manual and informative hand-outs. The safety guidebook which is illustrated consists of one hundred to two hundred fifty pages, depending on the course, of helpful and vital material. Course materials consist of load exercises and load charts for the crane with which the trainee is working.

More than half of the course comprises Hands-On Safety Training. Practical training is useful for developing and increasing personnel skills levels. Only skilled journeyman crane instructors are selected to teach the courses. Our instructors have numerous years of practice in the business.

For all the course we provide, we could include optional testing mechanisms to customize your training. A skills test is generally administered for programs that consist of H.O.S.T. Individuals training will be graded and tested.

Certification Training Programs: Fixed and Swing Cab Mobile Hydraulic Cranes; Lattice Boom/Crawler Cranes; Rigging / Signalperson Training and Certification; Articulated Boom / Knuckleboom Cranes; In-The Seat Training and Certification & Testing.

As the new business requirements surface, the business standards of practice also change. The industry sees constant updates to regulations and legislation, in addition to technology and equipment improvements. Industry data analysis and collection identify trends which are changing. Members maintain the privilege of managing their training programs and certifications. Mobile device alerts keep members abreast of personal and workplace safety news.
